HANISH P

Mechanical Engineering Student

hanishpme2027@gmail.com — +91-9448856178

CAREER OBJECTIVE

Final-year Mechanical Engineering student with hands-on knowledge of Computer-Aided Design (CAD), manufacturing processes, engineering materials, and mechanical engineering fundamentals. Skilled in developing and interpreting engineering designs using CAD tools and familiar with engineering analysis concepts using ANSYS. Eager to apply technical knowledge, problem-solving ability, and practical skills in a professional engineering environment while continuously learning and contributing to design and manufacturing projects.

TECHNICAL SKILLS

- **CAD & Design:** SolidWorks, Solid Edge, 3D Modeling, Part Design, Assembly Design, Engineering Drawings
- **Engineering Analysis:** ANSYS, basic structural and mechanical analysis concepts
- **Manufacturing:** Manufacturing Processes, Machining, Fabrication, Production Fundamentals
- **Mechanical Engineering:** Material Science, Strength of Materials, Engineering Mechanics, Basic Machine Design
- **Programming:** Basic Python programming
- **Key Skills:** Design and Manufacturing, Rapid Prototyping, CAD Modeling, Engineering Problem Solving

EDUCATION

Bachelor of Engineering (B.E.) – Mechanical Engineering *Currently Pursuing*
The Oxford College of Engineering

Pre-University Course (PUC / 12th Standard) **68%**

Secondary School Leaving Certificate (10th Standard) **85%**

SOFT SKILLS

- Problem Solving and Critical Thinking
- Communication and Presentation Skills
- Teamwork and Collaboration
- Leadership and Decision Making
- Adaptability and Continuous Learning

LANGUAGES

English — Kannada — Hindi — Telugu

AREAS OF INTEREST

- Mechanical Design and CAD
- Manufacturing and Production
- Rapid Prototyping
- Product Development
- Engineering Analysis

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
